

City of Lawton

January 2007

www.lawtoniowa.com

Water meter readings are generally taken around the 20th day of each month. Invoices for water, sewer, garbage and landfill are sent on the 1st of each month. These invoices are delinquent if not paid by the 20th of that same month. A 10% Late Fee will be assessed on all delinquent accounts.

The City of Lawton Mayor, Council and Employees wish all of you a safe and prosperous New Year.

The City of Lawton would like to invite all residents to attend an Open House at the new Water Filtration Facility located at 321 Ash Street. This Open House will be held in January, with the exact date to be decided upon at the January Council Meeting. Please watch the informational sign located in the Veterans'

Memorial Park for the date and time. Your Mayor and Council feel it is important for all of you to have an opportunity to witness the work that is done by the new Facility.

Please join us for coffee and rolls.

Christmas Tree Disposal

Once again, the City of Lawton will be picking up your live Christmas trees for disposal after the holidays. Please remove all decorations and place trees near the curb no later than 8:00 a.m. Monday, January 8, 2007. Lowell, Jack, or someone else with the city, will be around to pick up all discarded live trees. Artificial trees will not be taken.

Artificial trees will not be taken.

Winter's Here...

The city crew has asked me to remind all citizens to please be courteous of your neighbors when the snow starts to fly.

Please do NOT blow or scoop your snow out onto the street once the streets have been cleaned.

Please keep vehicles off the streets as much as possible. Park them in driveways or even on lawns if necessary until the streets have been cleaned.

Over the past few years several of our residents have begun putting "snow posts" in their yards along the curb. These are 30"-36" tall and have a reflector at the top. These are VERY BENEFICIAL to the street crews when they are clearing streets. If the wind is blowing snow and they are trying to open streets in the wee hours of the morning, curbs are impossible to see. These reflectors pick up the headlights and help the guys "see" the edge of the street. Please consider putting these in your front yard, too.
