Did you know?

On February 9, 2022, the Lawton City Council approved the **resurfacing of the 300 and 400 blocks of E Main St.** (from Elm to Tara Way). Work will be done this Spring with the exact **date to be determined** by our contractor. More details will be provided to E Main residents directly soon. There will also be a direct contact form that can be found at lawtoniowa.com, on the @LawtonIACityHall Facebook page, and paper copies at city hall for any residents who would like updates as we get them. This form will give you the ability to be contacted directly, at your preferred method of contact, as soon as information becomes available. Updates will also be posted on the city website, Facebook page, and city sign, if you wish not to complete the form.

The Lawton City Council is excited to improve E Main St. and thanks you for your continued patience and cooperation during this time!
