

Not a function of town gov.

Anything that doesn't increase our taxes- already ridiculous

# Select the TWO most important ways Lawton should focus future investments? (Select up to two)

## Other Comments:

## More walking/bike trails

You must grow your tax base by adding housing as your revenue has only grown due to tax payers taxes going up. If you keep spending money like you have been it will cost more to live here than Sioux City and a lot of people moved here for lower taxes. In addition any growth requires a bigger lagoon. That's been talked about for years. AllOn your infrastructure is old and you are going to be hit with some big expenses if you don't spend money on that continually rather than all these other things that serve very few people.

Focus on cost control to minimize the need to raise taxes and to provide a competitive advantage over neighboring towns to attract growth. Nothing city is perfect Larger Fire Station

Outdoor basketball hoop area modernized; frisbee golf course

Adding sidewalks on roads without

**Business development** 

Tree dump

Increased street lighting

Maintain the streets. Lower taxes.

More gym equipment for the athletic center

Bold print on newsletters

# What NEW services or programs should the city invest or spend money on in the future?

## 75 responses

Recreation (basketball, tennis, pickleball) and expand the walking path.	Fitness Center
Community center	A city trash dumpster / recycling area / lawn clippings
Mental health and/or family support services in our schools	More trees between Highway 20 and residential area to help block out noise.
I really feel street and water line repair need to be the focus rather new things	Easier access via a walking/atv bridge to baseball field on Eastland Ave
Nothing at this time	More retail
Play equipment at community center. Pickleball courts	"Nights at the community center ex. bingo night, cards night, etc.
Cornhole	Updating the parks or combining a big park and little park in the empty school lo updating the basketball court at the empty school lot"
More city lights An area for teens	Splash pad.
Good store , fixing the roads , and up darting play ground for the kids	Finish/add on to walking path; Join walking path with major/minor league fields kids can ride their bikes safely to practices and games.
New housing development, possible splash pad? And maybe new park on opposite side of town for those kids, expand the trails	Nothing if it's going to raise taxes! The school has enough proposed!
A golf Course	Update current parks for the children, possibly a splash pad
Rec Center	Bridge to ball fields
We need to figure out our sewer/water situation before we spend more money on	Maybe a youth soccer field or recreation complex
other services and programs. Expensive changes need to be made soon and we seem	Handicap accessible bathrooms at the city park
to spend money like we have a money tree in town.	Park on the west side of town
Pickle ball and basketball courts. More walking/biking trails	Kids programs
Community rec center	Street Improvements
It would be nice to have town festivities (ex: farmers market on 1st Saturday each	Splash pad
month in summer, street dances once a month. Outdoor movie nights, color runs, parades, food trucks, vendor fairs, etc.) each season to get the community together	Business
Activities for kids	would love to see better parks. The pea gravel bases need replaced with somet
Growth	that you don't have to bathe a kid after taking a trip to the parks. Visited Sloar cently and was amazed by how nice their park is.
Nothing, save money	

More food options

Continued.....

extend the bike path.	New fire station, street lights
Road or sidewalk out to the youth fields to make them reachable by foot or bike, more things for kids to do in town, splash pad, swinging benches at Tara way park, parents night	Sharing law enforcement with neighboring communities. Woodbury County law enforment seems non-existent.
out or game night at the community center to help newer people meet people in town, monthly or bi monthly vendor/farmers market event in the community center or during the summer at Tara way park	Quality of life should be a focus. Improve existing amenities- basketball court on Ma well as parks- include adult things. Pickleball for instance.
More walking and biking trails, other than just the new West part of town.	Youth programs/activities
More land! Improve/expand parks	Need a tree pile.
Starter house development. Draw in young families and a daycare facility	Lower taxes.
Free recycling	Expand current walking path/trail to the west and connect with the baseball fields.
Parks and recreation services. More local activities for adults. Yoga is a fun start, it would	Retail opportunities. Recreation for youth/sr citizens
be nice if these activities could be outside of working hours or expanded.	Tennis courts
More Handicap parking downtown. Post Office only signs infront of Post Office	Businesses
Indoor Batting Cages	Family friendly events.
streets	Area beautification
Community pool like our surrounded towns	Upgrade Christmas street decorations
Free Youth programs-summer activities & Senior citizen groups to allow them to have plac-	Stop spending money that makes our taxes higher
es to meet and be connected (highschool volunteer time)	Streets
dk	Replacing mailboxes the city official workers hit while doing snow removal
Stop the jack braking on 20!!!	Expand fire dept. Meals on wheels for elderly
Police	
Improve water quality- currently water does not taste well and has a lot of iron in it.	
None- maintain city streets, utilities, and community property. Provide regulations that ensure a clean and orderly community.	

Building inspector- enforce city ordinances- over see building permits.

## Are there any challenges you face while living in Lawton?

74 responses	
Accessibility to the little baseball and softball fields.	Too many apartments being built. Would prefer single dwelling homes.
City council members need to be changed	Only cedar street, very poor condition
Communication	Poor water quality
Nothing on main Street. It's all rentals and no retail.	City does not have a grocery store or health services (clinic, dentist, etc)
No businesses, store,	Speeding in neighborhoods
Grocery items we may need when we realize we do t have enough eggs or flour etc when	Getting mail at the post office with the new restaurant open, especially 5pm and after
cooking. Suddenly it feels like a long way to Sioux City for something so simple	Lack of sidewalks
Current council is very frivolous with spending. Values the opinion of a select group of citizens but not the community as a whole.	Speeding cars on the streets
Crazy drivers heading to the school on birch st	Business opportunity
Construction on Hwy 20	Lack of things for kids to do. No pool, golf course, library, sidewalks to ride/walk on.
Everything keeps going up - our utility bill has gone up, garbage etc and there really hasn't	Bullying is a large problem amongst the kids
been any major improvements. People on fixed incomes can't keep up with all the in-	Nothing major
creases. Even when they used to do the city clean up you could set things at your curb,	Daycare
Now we have to get items to dumpster and this is difficult for people who don't have trucks or help. You seem to be worried about adding "new" things rather than taking care	No Ubers
of and investing in the infrastructure.	I'm really hoping that the temperature will be posted on the marquee ;) Also, if you could
Highway 20 road noise	go tell the construction workers to stop what they are doing and put hwy 20 back to how it was please. ;)
Having to remove my car from the street when it snows when there is no close available	
parking. Seems like a good amount of the town doesn't have driveways and having to re-	Streets need improvement, lack of sidewalks and poorly maintained sidewalks/yards.
move my car otherwise face a fine is very annoying. I have to park far away and walk home in the snow	Snow removal. They do not get close to Curbs, even infront of houses with the curb markers
Just when I'm missing one ingredient for dinner, and I have to drive to Moville or Sioux City to get it.	Sometimes it is hard to hear the weather siren in west creek.
Communication to be more involved	Can't live in Lawton. No Land for sale

Most streets don't have sidewalks causing people to have to walk in the street.

Garbage collection is gross and a bad look

Housing

The schools dealing with bullying and children not receiving any punishment for negative behavior. Those kids being athletes and not being reprimanded. It's disheartening to see your child work so hard and do everything they can to be a good student and being looked past while others aren't behaving accordingly.

Finding organized activities for neighborhood kids

No sidewalks- snow removal

Speeding issues, roaming cats

Internet/television programming that's more affordable

Fireworks- 4th of July- shorten the window for 4th of July fireworks. Follow city of Sioux City schedule- fireworks cause anxiety for many people, pets, and small children- ditch the new years eve fireworks schedule.

Give sr. citizens a discount on the utility bill especially those that live alone.

The business located at 101 East Main Street.

Disrespectful pet owners.

People who allow dogs outside with no leash. Sidewalks- I realize are difficult but something to help quality of life would be nice.

Well yes the daily race track from the high school. I don't care about me but we might get some little kid killed.

Everyone wants to take my money.

Jake brake noise from westbound traffic in the middle of the night. No enforcement.

Getting out of my driveway after the snow plow goes by 5 times throwing snow on it.

Buying a house

setting up for internet- some areas there aren't sidewalks- the swing broke & the repair is a liability waiting to happen

Snow removal early in the morning is questionable. Sometimes it's done.

No local grocery store

Too high taxes

Spirally property taxes

Would be nice and safer if people would stop at the stop signs, especially at Linden & Oak. If parents do not stop, their kids think they do not need to stop. Hills are getting steeper :)

putting trucking in residential living so we are woke up early from semi's starting up and running each morning

## Is there anything else that should be considered as part of this survey?

I would like to know more about our new garbage service. What company is it? Why are they using a roll away dumpster instead of a garbage truck? Why did this change? I feel bad for the persons collecting the trash.

Rate the employees in lawton on spending money we done have

Addressing the waste water treatment project I have heard rumors of. Considering starting a business park to encourage businesses to be a part of our community.

City works employees having a supervisor other than a relative.

I'd like to see more transparency with decisions about turning properties into rentals and commercial properties. We picked this town years ago because it's was mostly homeowners living here and it breaks my heart to see that changing because the reality is renters don't have pride of ownership like homeowners do.

I think you should email minutes after every meeting and send agenda before meetings via email. Many don't get paper and don't see agenda before meeting. This would help with communication and keep things transparent.

No, Lawton is a great community to live in. Thanks for being proactive in city oversight.

#### More rec

Having recycling truck come weekly instead of every other.

Better choices need made with our tax money. Buying things such as a side by side and a street sweeper are a waste of money for a town the size of Lawton.

Garbage collection's poor quality

#### Good job

How can the new community center be used?

I feel it is a problem and conflict of interest when council members are involved in expanding business ventures, such as Otto and Heiss. This is not a new situation (Zenor).

We need people to take better care of their property. The city doesn't go after the run down properties. It reflects on the town how we take care of our places.

#### Child care facility

Walking/biking/side by side access to the baseball/softball fields. (I know this involves private owned land... just would be nice to not have to get on the hwy) Splash pad.

Boutique shops. Holiday Lighted Christmas parade that ends at the community center. Don't rely just on Facebook announcements. Send emails also about activities and announcements we should know about.

#### More about our senior citizens

I don't live in Lawton, but reside in the LB district. I didn't feel comfortable answering certain questions as I think they pertain to residents only and didn't want to speak for them. Thanks!

Improvement of storm sewers. Water backs up into yards due to inadequate sewer intake and in some places no curbs to keep water in the street instead of flowing into driveways/sidewalks.

Improvements to our fire/ambulance station to provide more room for trucks/ ambulance/ equipment and training area. Current office and training area is very inadequate. When members need training and/or license renewals hours, we have to take our manikins etc to the high school or one of our churches to have enough room. Training is mandatory for license renewals."

When city employees damage property the city should be liable for repairs & replacement

Snow removal- why does the city plow some resident's driveways? How do ou get on the list to have the city remove snow from my driveway?

An envelope included in city bill.

Are the people making the rules about fireworks also following the rules about using fireworks?

I love our community.

Lower taxes.

Keep Lawton away from Sioux City. It's a safe, sleepy town.

Stop building more rentals. Listen to the people not just councilmen & their friends & quit being a brother to the public works director- he doesn't work as hard as he says

How fast people & busses drive throughout town. All pet owners picking up their dog poop.

What about opening a store? Not everyone has facebook

More activities downtown. Block off street, do a movie night, concert, dance, various events to create a sense of community.

City moves all snow to one side- should be equal

Fiscal responsibility

I think the city guys do a good job. The best thing they did was to get the UTV to run around instead of the pickup so people quit complaining about them doing nothing but riding around in the pickup.

Get zoning
